Afterschool S.T.A.R.S Program

Parents, please remember that the Afterschool STARS Program fee must be paid each month for your child to continue participating. Consistent attendance is important so students can build upon the skills they are learning in activities such as orchestra, robotics, dance, drama, and more.

Students with unpaid program fees may be removed from the program. Please visit the school office to submit your monthly payment and help us keep your child learning, growing, and shining in STARS!

Get Involved!

Want to get more involved at Holy Family? We invite our parents and families to join our PTSO and help support our students, teachers, and school community. 🐝 Your time, ideas, and participation can make a difference!

📞 Call the school office for more information on how to join!

Have You Checked In with Your Child's Teacher?

Strong communication between home and school helps our students succeed! Parents are encouraged to stay in regular contact with their child's teachers throughout the school year. Families in Grades K–5 should use ClassDojo, while Middle School families should communicate with teachers via email.

Did You Know?
In Catholic Social Teaching, rights and responsibilities go hand in hand. We all have basic rights—like the right to food, shelter, education, and dignity—but we also have a responsibility to respect and protect those same rights for others.
