VOL. 22

*Growing in Excellence, Service and Integrity Together.*

## Happy Black History Month!

As we recognize Black History Month, we invite our school community to celebrate the legacy of African Americans whose courage, innovation, and perseverance have helped shape our society. This month provides a special opportunity to learn from the past, uplift diverse voices, and inspire our students to dream big and lead with purpose.

## TerraNova Next

This week and next week, students in Grades 2-8 will be participating in TerraNova mock tests to help prepare for our annual ADOM-required TerraNova Next exam, which officially begins on **February 17**. These practice sessions are designed to build familiarity, confidence, and strong test-taking habits.

To support your child's success, please help them get into a routine of going to bed early, eating a healthy breakfast, and arriving to school on time each day. Thank you for helping us set our students up for success!

## Secure Your Child's Spot

We're happy to announce that re-enrollment for current families is now underway!

**Registration for new students begins February 27, and space is limited, so be sure to act quickly.**

Take advantage of our Early Bird Discount available through February 6. As a bonus, families who refer a new student will receive an extra discount as our way of saying thank you for supporting our school community.

Our mission is to provide a quality education rooted in the sacraments and the Gospel values. We aim to profess our Catholic faith through academic excellence, community service, and integrity so that our students become empowered to reach their ultimate potential.

## Classroom Spotlight: 4<sup>th</sup> Grade

Our 4th graders (pictured left) had a blast learning about the phases of the moon this week! They explored how the moon changes shape throughout the month and showed off their understanding in a deliciously creative way—by using Oreos to model each phase.

From new moon to full moon, their projects were both educational and fun to see. A big thank-you to Ms. Magny for her creativity and for making science engaging, hands-on, and memorable for our students!

## Looking Ahead

- **Friday, February 6**
  - Floating Holiday – No School
- **Sunday, February 8**
  - School Mass
- **Friday, February 13**
  - TerraNova Pep Rally
- **Monday, February 16**
  - President's Day – No School
- **Tuesday, February 17**
  - TerraNova Testing Begins
- **Wednesday, February 18**
  - Ash Wednesday – Mass
- **Friday, February 27**
  - BHM Assembly

## Stay Connected

For the most up-to-date information, please check our school website and follow us on Instagram to see learning come to life in our classrooms. If you have any questions or concerns, do not hesitate to reach out to the school office.
